.....Respondents

Ld. Counsel for the : **Shri Bipin Kumar Singh,**
Respondents **Central Govt Counsel**

ORDER

“Per Hon’ble Mr. Justice Umesh Chandra Srivastava, Member (J)”

1. This Original Application has been filed under Section 14 of the Armed Forces Tribunal Act, 2007 whereby the applicant has claimed the following reliefs:-

(I). To pass an order or direction for quashing of order dated 29.02.2018, passed by OP No. 3, which is annexed as Annexure No 1, to this application, by which the applicant was illegally denied the Disability pension.

(II). To pass an order or direction commanding the respondent to grant the benefits disability pension to the applicant from the date of discharge i.e. 23.08.1969 along with interest @ 18% per annum till the actual realization of aforesaid amount.

(III). To pass an order or direction commanding the respondent to grant the benefits of rounding of the disability pension to the tune up to 50% in terms of Govt. of India letter dated 31.01.2001 and various judgment of Apex Court as well as this Hon’ble Tribunal. .

(IV). Pass any order which this Hon’ble Tribunal deem fit and proper under the facts and circumstances of the case in favour of the petitioner, in the interest of justice.

(V). Allow this Original Application with costs.

2. The undisputed factual matrix on record is that the applicant was enrolled in the Indian Army on 25.06.1964 and was invalided out from service 22.08.1969(AN) after rendering total 5 years and 59 days service in army on medical grounds under Rule 13 (3) (III) (iii) of Army Rules, 1954 in Low Medical Category ‘EEE (P) for the disease “**NRUROSIS (300)**”. The Invaliding Medical Board of the applicant held on 24.05.1969 at

Military Hospital Allahabad assessed his disability @ 20% for 2 years and considered as neither attributable to nor aggravated by military service (NANA) and not connected with service. Claim of applicant for the grant of disability pension was rejected by the respondents vide letter dated 17.09.1969 being NANA. His appeal for grant of disability pension was also rejected vide letter dated 29.02.2018. Being aggrieved, the applicant has approached this Tribunal for grant of disability pension.

3. Learned counsel for the applicant submitted that since the applicant was enrolled in the army in medically fit condition and, thereafter, he has been discharged from service in Low Medical Category for the disability "**NRUROSIS (300)**" assessed as 20% for two years. He pleaded for the disability of the applicant to be considered as a result of stress and strain of military service.

4. Learned counsel for the respondents has not disputed that applicant suffered disability to the extent of 20% for two years, but he submitted that competent authority while rejecting the claim of the applicant has viewed that disability was found neither attributable to nor aggravated by military, therefore, in terms of Para 173 of the Pension Regulations for the Army,

1961 (Part-I), the claim of the applicant for the grant of disability pension has correctly been rejected.

5. We have heard learned counsel for the parties and perused the record.

6. The question before us for consideration is simple and straight whether disability of applicant is attributable to or aggravated by military service?

7. The law on attributability of a disability has already been settled by the Hon'ble Supreme Court in the case of ***Dharamvir Singh vs. Union of India & Ors*** (supra). In this case the Apex Court took note of the provisions of the Pensions Regulations, Entitlement Rules and the General Rules of Guidance to Medical Officers to sum up the legal position emerging from the same in the following words :

"29.1. Disability pension to be granted to an individual who is invalided from service on account of a disability which is attributable to or aggravated by military service in non-battle casualty and is assessed at 20% or over. The question whether a disability is attributable to or aggravated by military service to be determined under the Entitlement Rules for Casualty Pensionary Awards, 1982 of Appendix II (Regulation 173).

29.2. A member is to be presumed in sound physical and mental condition upon entering service if there is no note or record at the time of entrance. In the event of his subsequently being discharged from service on medical grounds any deterioration in his health is to be presumed due to service [Rule 5 read with Rule 14(b)].

29.3. The onus of proof is not on the claimant (employee), the corollary is that onus of proof that the condition for non-entitlement is with the employer. A claimant has a right to

derive benefit of any reasonable doubt and is entitled for pensionary benefit more liberally (Rule 9).

29.4. If a disease is accepted to have been as having arisen in service, it must also be established that the conditions of military service determined or contributed to the onset of the disease and that the conditions were due to the circumstances of duty in military service [Rule 14(c)]. [pic]

29.5. If no note of any disability or disease was made at the time of individual's acceptance for military service, a disease which has led to an individual's discharge or death will be deemed to have arisen in service [Rule 14(b)].

29.6. If medical opinion holds that the disease could not have been detected on medical examination prior to the acceptance for service and that disease will not be deemed to have arisen during service, the Medical Board is required to state the reasons [Rule 14(b)]; and 29.7. It is mandatory for the Medical Board to follow the guidelines laid down in Chapter II of the Guide to Medical Officers (Military Pensions), 2002 - "Entitlement: General Principles", including Paras 7, 8 and 9 as referred to above (para 27)."

8. After considering all issues we have noted that the only reason given by Invaliding Medical Board for denying Attributability for disease is that it is not connected with military service. We find that when the applicant joined the Army, he was medically examined and found to be in Shape-I and the aforesaid disability was contracted after about 04 years of service which resulted in the downgrading of his medical category. In absence of any evidence on record to show that the applicant was suffering from disability or any ailment at the time of entering in service, it will be presumed that deterioration of his health has taken place due to service and the applicant is entitled to the relief as per the above judgments of the Hon'ble The Apex Court in the case of **Dharamvir Singh** (Supra). Therefore, we consider the

disease of the applicant as aggravated by military service. We also converge to the view that, in view of law laid down by Hon'ble The Apex Court in the case of **Veer Pal Singh**, in the interest of justice, the case of the applicant be referred to Review Medical Board for reassessing the medical condition of the applicant for further entitlement of disability pension, if any.

9. On the issue of rounding off of disability pension, since benefit of broad banding has been extended w.e.f. 01.01.1996, hence, prima facie the applicant is not entitled to broad banding as he had retired from service on 22.08.1969.

10. In view of the above the Original Application deserves to be allowed.

11. Accordingly, O.A. is **allowed**. The impugned orders passed by the respondents rejecting the claim for the grant of disability pension are set aside. The respondents are directed to grant disability pension to the applicant @ 20% for two years from the date of discharge. The respondents are further directed to refer the applicant's case to Re-survey Medical Board for further entitlement of disability pension. The respondents are further directed to give effect to this order within a period of four months from the date of receipt of a certified copy of this order. In case the respondents fail to give effect to this order within the stipulated time, they will have to

pay interest @ 8% on the amount accrued from due date till the date of actual payment.

12. No order as to cost.
