4. Joint CDA (Air Force), Subroto Park, New Delhi- 110010

.....Respondents

Ld. Counsel for the : **Mrs Anju Singh, Advocate**
Respondents

ORDER

“(Per Hon'ble Mr Justice SVS Rathore, Member (J))”

1. This Original Application has been filed under Section 14 of the Armed Forces Tribunal Act, 2007 by the applicant for the following reliefs:-

“(I) The Hon’ble Tribunal may be pleased to set aside the rejection order dated 12/08/2013 (Annexure No A-1) and order dated 03/12/2018 (Annexure No A-2).

(II) The Hon’ble Tribunal may be pleased to direct the respondents to grant disability pension with effect from 01/08/2013(date of discharge) along with its arrears and interest thereon at the rate of 18% per annum.

(III) Any other appropriate order or direction which this Hon’ble Tribunal may deem just and proper in the nature and circumstances of the case.”

2. The brief facts of the case as stated by the applicant are that he was enrolled in the Indian Air Force as TELSET-RTO on 14.02.1976 and was discharged from service on 31.07.2013 in medical category A4G4 (P). The Release Medical Board (RMB) held before discharge found him suffering from “**(i) Incomplete RBBB (Old) Z09.0, (ii) Primary Hypertension (Old) Z09.0 and (iii) Impaired Glucose Tolerance (Old) Z09.**” but considered the same as neither attributable to nor aggravated by Air Force service and assessed them as 15-19%, 30% and 1-9 % respectively, composite assessment whereof as 50% for life. According to the applicant he approached the respondents for grant of disability pension and also made appeal on 10.09/2018 for grant of disability pension, which was rejected as time barred vide letter dated 03.12.2018. Hence feeling aggrieved the applicant has preferred the present O.A.

3. Learned counsel for the applicant submitted that since the applicant was enrolled in medically fit condition and thereafter he has been discharged in Low Medical Category from Air Force service, as such, his disability should be considered as attributable to and aggravated by Air Force service and he should be granted disability pension.

4. The respondents have not filed any counter affidavit in this case. While rebutting arguments of learned counsel for the applicant, learned counsel for the respondents submitted that the applicant was discharged from service in low medical

category for “**(i) Incomplete RBBB (Old) Z09.0, (ii) Primary Hypertension (Old) Z09.0 and (iii) Impaired Glucose Tolerance (Old) Z09.**”, which was considered as neither attributable to nor aggravated by Air Force service. He has also submitted that Para 153 of the Pension Regulations for the Indian Air Force 1961, Part-I clearly states that disability pension is admissible to an individual who is invalided out from service on account of disability, which is attributable to or aggravated by Indian Air Force service and is assessed at 20% or more. He concluded by stating that this being a NANA case as per the opinion of RMB, hence the claim of applicant for disability pension has rightly been rejected.

5. We have heard Shri R. Chandra, Ld. Counsel for the applicant and Mrs Anju Singh, Ld. Counsel for the respondents and perused the record. The only issue which needs to be decided by us is as to whether the disability of the applicant is attributable to or aggravated by Air Force service.

6. We have carefully perused the RMB proceeding, contained in Annexure A-3 to O.A. and noticed that the applicant was found suffering from the disability “**(i) Incomplete RBBB (Old) Z09.0, (ii) Primary Hypertension (Old) Z09.0 and (iii) Impaired Glucose Tolerance (Old) Z09.**” We have also noted that RMB has opined the disability aforesaid to be NANA because it is not connected with service without assigning any specific reason. On perusal of RMB we find that the applicant was for the first time found to be suffering for the disease “**(i) Incomplete RBBB (Old) Z09.0** from 03.09.2011 and for the disease **(ii) Primary Hypertension (Old) Z09.0 and (iii) Impaired Glucose Tolerance (Old) Z09.**” from 07.08.2012 i.e. after completion of more than 36 years of service. Therefore the presumption may be drawn that the applicant was not suffering from any disease at the time of his enrolment till 36 years of service. Considering that the reason

given by RMB for denying attributability is very cryptic i.e. “Not connected with service” and “originated in Peace area” we are of the considered opinion that benefit of doubt must go in favour of applicant because as DSC Sepoy he is doing an outdoor duty and is totally dependent on the food supplied by DSC mess to him at his guard post. Therefore, in terms of judgment of ***Dharamvir Singh vs. Union of India and others***, reported in (2013)7 SCC 316, ***Sukhvinder Singh vs. Union of India***, reported in (2014) 14 SCC 364, ***Union of India and others vs. Angad Singh Titaria***, reported in (2015) 12 SCC 257 and ***Union of India and others vs. Rajbir Singh***, reported in (2015) 12 SCC 264 we are of the considered opinion that the disability i.e. **(ii) Primary Hypertension (Old) Z09.0** of the applicant is aggravated by military service. We however agree with the opinion of RMB in declaring the other two disabilities i.e. **“(i) Incomplete RBBB (Old) Z09.0** and **“(iii) Impaired Glucose Tolerance (Old) Z09”** as NANA.

7. On the issue of rounding off of disability pension, we are of the opinion that the case is squarely covered by the decision of ***K.J.S. Buttar vs. Union of India and Others***, reported in (2011) 11 SCC 429 and Review Petition (C) No. 2688 of 2013 in Civil appeal No. 5591/2006, ***U.O.I. & Anr vs. K.J.S. Buttar, Sukhvinder Singh vs. Union of India & Ors.***, reported in (2014) STPL (WEB) 468 SC and ***Union of India vs. Ram Avtar & Others***, (Civil Appeal No. 418 of 2012 decided on 10 December, 2014). Hence we are of the opinion that the applicant is eligible for the benefit of rounding off.

8. It is well settled that the claim for pension is based on continuing wrong and the relief can be granted if such continuing wrong creates a continuing source of injury. In the case of ***Shiv Dass vs. Union of India***, reported in 2007 (3) SLR 445 the law settled by the Hon’ble Apex Court is that if a petition for pension, disability pension in this case, is filed

beyond a reasonable period, the relief prayed for may be restricted to a reasonable period of three years.

9. In view of the above the Original Application deserves to be partly allowed. Accordingly the O.A. is **partly allowed**. The impugned orders passed by the respondents are set aside. The respondents are directed to grant disability element to the applicant @ 30% for life which would stand rounded off to 50% for life from three years prior to the filing of the present Original Application i.e. 04.01.2019. The respondents are further directed to give effect to this order within a period of four months from the date of receipt of a certified copy of this order. In case the respondents fail to give effect to this order within the stipulated time, they will have to pay interest @ 9% on the amount accrued from due date till the date of actual payment.

No order as to cost.
