ORDER

“Per Hon’ble Mr. Justice Umesh Chandra Srivastava, Member (J)”

M.A. No 49 of 2020

1. Being a pensionary matter, delay of 03 years, 06 months and 21 days in filing the O.A. is condoned.

2. This Original Application has been filed under Section 14 of the Armed Forces Tribunal Act, 2007 whereby the applicant has claimed the following reliefs:-

(A) To quash or set aside the Respondents denial of disability pension to applicant (specific order copies never given).

(B) To issue order or directions to the respondents to grant disability pension to the applicant for the disability he had, with effect from 01/01/2016 (Date of discharge :P 31.12.2015) with all consequential benefits including rounding off benefit (as applicable) in terms of Govt of India letter dated 31 Jan 2001 and judgment passed by Hon’ble Apex Court in case of Ram Avatar Vs UOI & Others.

(C) Any other relief as considered proper by the Hon’ble Tribunal be awarded in favour of the applicant.

(D) Allow this Application with cost.

3. The undisputed factual matrix on record is that the applicant was enrolled in Indian Army on 30.12.1991 and was discharged from service on 31.12.2015 in low medical category

S2 (Permanent) under item 13 (3) III (i) of Army Rules, 1954 on completion of terms of engagement. At the time of discharge Release Medical Board held at Military Hospital Jodhpur on 20.06.2015 assessed disability “**OTHER NON ORGANIC PSYCHOSIS**” @ 40% for life and considered as neither attributable to nor aggravated by the military service. The petitioner was granted service pension from the date of retirement. Claim of the applicant for the grant of disability pension was rejected by the respondents vide letter dated 14.12.2015 being neither attributable to nor aggravated by military service and not related to military service. Applicant preferred first appeal for grant of disability pension but the same were also rejected being time barred. Being aggrieved, the applicant has approached this Tribunal for the grant of disability pension.

4. Learned counsel for the applicant submitted that since the applicant was enrolled in the army in medically fit condition and, thereafter, he has been retired from service in Low Medical Category with disability “**OTHER NON ORGANIC PSYCHOSIS**” 40% for life. He pleaded for the disability of the applicant to be considered as a result of stress and strain of military service and consider as attributable to and aggravated by military service. He pleaded that various Benches of the Armed Forces Tribunal have granted disability pension in

similar cases, as such, the applicant is also entitled to disability pension and its rounding off to 50%.

5. Learned counsel for the respondents has not disputed that applicant suffered disability to the extent of 40% for life, but submitted that competent authority while rejecting the claim of the applicant has viewed that disability was assessed @ 40% for life but disability qualifying for disability pension has been assessed as NIL for life and disability is found as neither attributable to nor aggravated by military service and not connected with military service, therefore, in terms of Para 173 of the Pension Regulations for the Army, 1961 (Part-I), the claim of the applicant for the grant of disability pension has correctly been rejected.

6. We have heard learned counsel for the parties and perused the record.

7. The question before us for consideration is simple and straight whether disability of applicant is attributable to or aggravated by military service?

8. The law on attributability of a disability has already been settled by the Hon'ble Supreme Court in the case of ***Dharamvir Singh vs. Union of India & Ors*** (supra). In this case the Apex Court took note of the provisions of the Pensions Regulations, Entitlement Rules and the General Rules of Guidance to

Medical Officers to sum up the legal position emerging from the same in the following words :

"29.1. Disability pension to be granted to an individual who is invalided from service on account of a disability which is attributable to or aggravated by military service in non-battle casualty and is assessed at 20% or over. The question whether a disability is attributable to or aggravated by military service to be determined under the Entitlement Rules for Casualty Pensionary Awards, 1982 of Appendix II (Regulation 173).

29.2. A member is to be presumed in sound physical and mental condition upon entering service if there is no note or record at the time of entrance. In the event of his subsequently being discharged from service on medical grounds any deterioration in his health is to be presumed due to service [Rule 5 read with Rule 14(b)].

29.3. The onus of proof is not on the claimant (employee), the corollary is that onus of proof that the condition for non-entitlement is with the employer. A claimant has a right to derive benefit of any reasonable doubt and is entitled for pensionary benefit more liberally (Rule 9).

29.4. If a disease is accepted to have been as having arisen in service, it must also be established that the conditions of military service determined or contributed to the onset of the disease and that the conditions were due to the circumstances of duty in military service [Rule 14(c)]. [pic]

29.5. If no note of any disability or disease was made at the time of individual's acceptance for military service, a disease which has led to an individual's discharge or death will be deemed to have arisen in service [Rule 14(b)].

29.6. If medical opinion holds that the disease could not have been detected on medical examination prior to the acceptance for service and that disease will not be deemed to have arisen during service, the Medical Board is required to state the reasons [Rule 14(b)]; and 29.7. It is mandatory for the Medical Board to follow the guidelines laid down in Chapter II of the Guide to Medical Officers (Military Pensions), 2002 - "Entitlement: General Principles", including Paras 7, 8 and 9 as referred to above (para 27)."

9. Thus, considering all issues we have noted that Release Medical Board had not given any reason in support of its opinion, particularly when there is no note of such disease or disability available in the service record of the applicant at the

time of acceptance for Military service. In absence of any evidence on record to show that the applicant was suffering from disease at the time of acceptance of his service and the fact that the applicant had put in over 21 years of service when for the first time the disease was detected in the year 2014, it will be presumed that the applicant was in sound physical and mental condition at the time of entering the service and deterioration in his health has taken place due to military service. Hence in the circumstances of the case, we are inclined to give the benefit of doubt as per the law settled on this matter vide Hon'ble Apex Court decision in the case of **Dharamvir Singh** (Supra). Therefore, we consider the disease of the applicant i.e. "**OTHER NON ORGANIC PSYCHOSIS**" as aggravated by military service.

10. On the issue of rounding off of disability pension, we are of the opinion that the case is squarely covered by the decision of **K.J.S. Buttar vs. Union of India and Others**, reported in (2011) 11 SCC 429 and Review Petition (C) No. 2688 of 2013 in Civil appeal No. 5591/2006, **U.O.I. & Anr vs. K.J.S. Buttar and Union of India vs. Ram Avtar & Others**, (Civil Appeal No. 418 of 2012 decided on 10 December, 2014. Hence the applicant is eligible for the benefit of rounding off also.

11. It may also be observed that claim for pension is based on continuing wrong and relief can be granted if such

continuing wrong creates a continuing source of injury. In the case of **Shiv Dass vs. Union of India**, reported in 2007 (3) SLR 445, para-9, Hon'ble Apex Court has observed:

"In the case of pension the cause of action actually continues from month to month. That, however, cannot be a ground to overlook delay in filing the petition. It would depend upon the fact of each case. If petition is filed beyond a reasonable period say three years normally the Court would reject the same or restrict the relief which could be granted to a reasonable period of about three years. The High Court did not examine whether on merit appellant had a case. If on merits it would have found that there was no scope for interference, it would have dismissed the writ petition on that score alone."

12. As observed in the preceding paragraphs, delay in filing the O.A. has been condoned by this Tribunal, as such, in view of the decision of Hon'ble Supreme Court in the case of **Shiv Dass (supra)**, we are of the considered view that benefit of rounding off of disability pension @ 40% for life to be rounded off to 50% for life may be extended to the applicant from three preceding years from the date of filing of the O.A.

13. In view of the above the Original Application deserves to be allowed.

14. Accordingly O.A. is **allowed**. The impugned orders rejecting the claim for grant of disability pension passed by the respondents are set aside. The disability assessed @ 40% for life is to be considered as aggravated by military service. The respondents are directed to grant disability element to the applicant from three years prior to filing of Original Application

@ 40% for life which would stand rounded off to 50% for life. Date of filing of O.A. is 23.01.2020. The respondents are further directed to give effect to this order within a period of four months from the date of receipt of a certified copy of this order. In case the respondents fail to give effect to this order within the stipulated time, they will have to pay interest @ 8% on the amount accrued from due date till the date of actual payment.

15. No order as to costs.
